Take away tips:

- Keep devices in high-traffic areas of your home.
- Establish limits for which online sites children may visit and for how long.
- Surf the Internet with your children and let them show you what they like to do and what apps they use online.
- Know who is connecting with your children online and set rules for social networking, instant messaging, e-mailing, online gaming, and using webcams.
- Check the browser search history on a regular basis.
- Build/code together online.

Thank you!

Staying Safe Online:

1. I will ALWAYS tell an adult immediately if something is confusing or seems scary or threatening.
2. I will NEVER give out my full name, real address, telephone number, school name or location, schedule, password, or other identifying information when I'm online. I will check with an adult for any exceptions.
3. I will NEVER have a face-to-face meeting with someone I've met online. In rare cases, my parents may decide it's OK, but if I do decide to meet a cyberpal, I will make sure we meet in a public place and that a parent or guardian is with me.
4. I will NEVER respond online to any messages. If I get a message, I'll print it out and tell an adult immediately. The adult can then contact the online service or appropriate agency. If I'm uncomfortable in a live chat room, I will use the "ignore" button.
5. I will NEVER go into a new online area that is going to cost additional money without first asking permission from my parent or teacher.
6. I will NEVER send a picture over the Internet or via regular mail to anyone without my parent's permission.
7. I will NOT give out a credit card number online without a parent present.
